PVIAG
PACKAGING CLUSTER

CLUSTER OF PACKAGING MATERIALS MANUFACTURERS

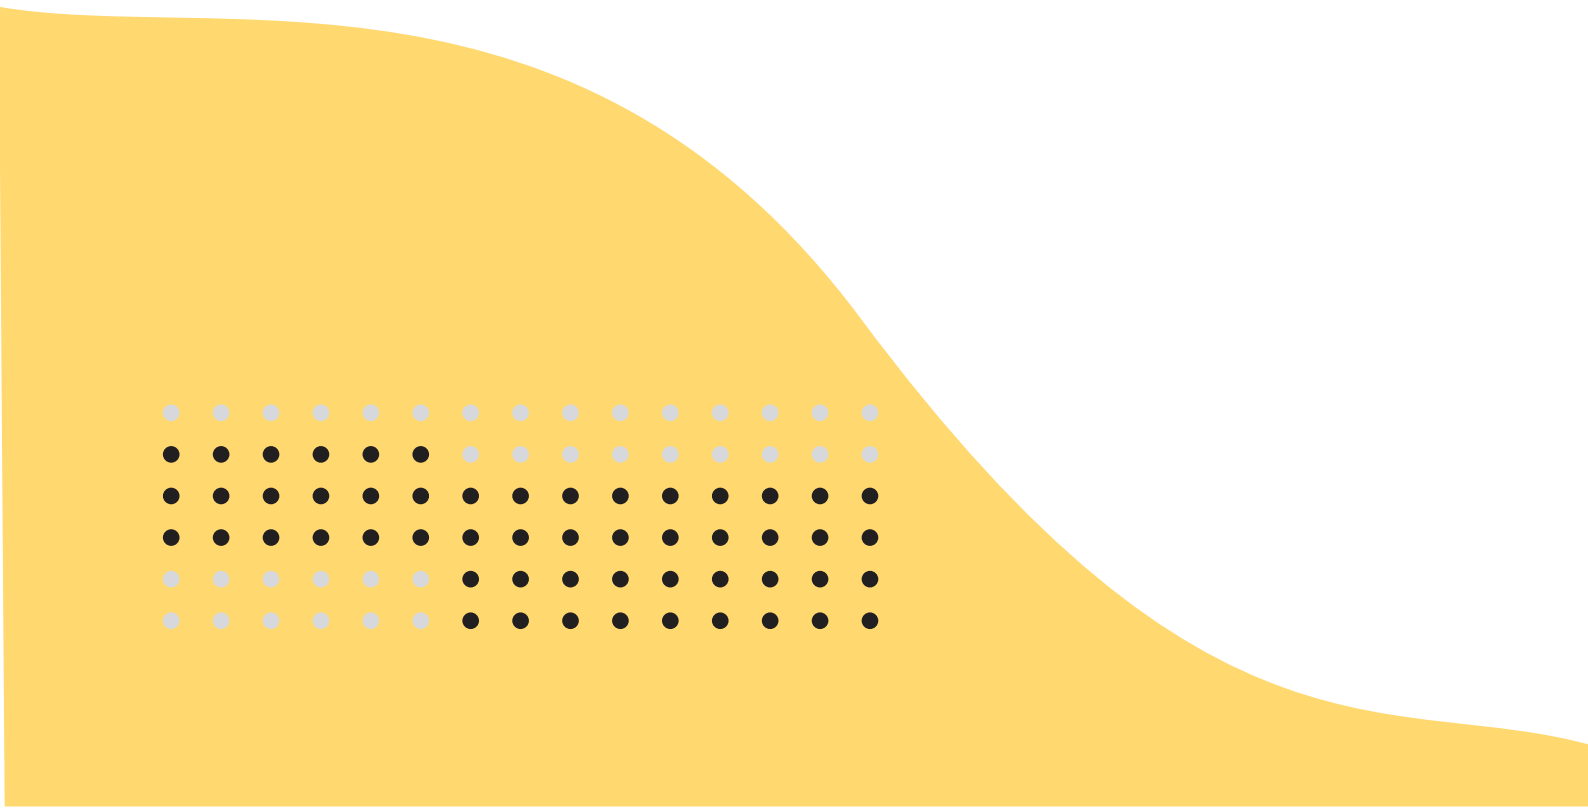

Informational leaflet has been produced with the assistance of the European Union (EU) and the United Nations Development Programme (UNDP). Its contents are the sole responsibility of (PMAG) and do not necessarily reflect the views of the European Union and the United Nations Development Programme.

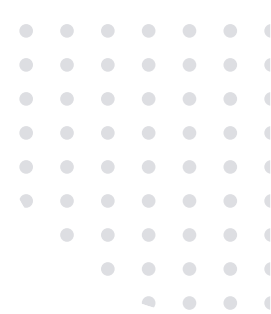

Brief information about the cluster

Georgia has developed a cluster of packaging materials manufacturers by the collaboration of European Union (EU) and four agencies of United Nations : United Nations Development Program (UNDP), the Food and Agriculture Organization (FAO), the United Nations Industrial Development Organization (UNIDO) and the International Organization for Migration (IOM). This project serves to increase the competitiveness of the Georgian private sector.

The cluster of packaging materials manufacturers unites all types of packaging material manufacturers, as well as companies at different levels of the value chain and service providers important to the industry.

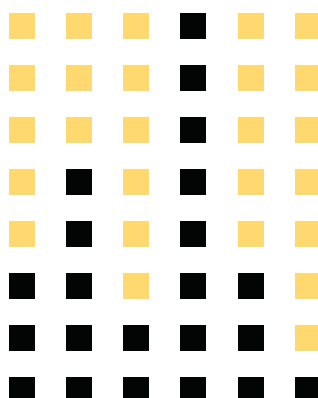

- What are the benefits of the cluster?

To get different benefits, we offer the following types of services:

- Help you optimize your business model.**
